Hi Cassandra,

Thanks for sending out meeting notes and the agenda for tomorrow's meeting. I reviewed the meeting notes from 11/8/11 and I have some suggested changes. The ones I feel are most important are relevant to the discussion of the proposed BDCP CWA 404/RHA 10 permitting approach. I just want it to be clear that a lot of the notes in that section are from Marc's explanation of the approach not that there was agreement on the approach. It was a walk through the approach with some short discussion and questions afterward.

Subject: Reminder and Agenda for 404/10 meeting

Good morning – This is just a quick reminder that we have a BDCP 404/10 coordination meeting at 10am tomorrow. This meeting is a reschedule of the Nov 24th meeting. The agenda for the meeting and the meeting notes from the Nov 10th meeting are attached. The primary topic of discussion will be a walkthrough of the EIR/EIS alternatives. We will be tabling the discussion on the 404 framework for a future meeting. Please let me know if you have any questions.

See you soon, Cassandra
